

How Switching to osConcert Can Save You Money

1. No Per-Ticket Fees or Commissions

Most third-party platforms charge 3% to 10% per ticket sold. osConcert is self-hosted, meaning you keep 100% of your revenue.

2. Lower Operational Costs

No monthly subscriptions. Optional payment integration costs (e.g., Stripe, PayPal) are one-time or manageable.

3. Enhanced Customization Means More Efficiency

Streamline workflows, manage customer data directly, and reduce manual effort with full access to your system.

4. Typical Price Comparison

Example: Selling 10,000 tickets at \$50 average price.

Cost Element	Third-Party System	osConcert
Setup Fee	\$100 - \$500	Free or minimal
Monthly Subscription	\$20 - \$200/month	None
Per-Ticket Fee/Commission	3% - 10% per ticket	0%
Payment Module Fees	Often bundled or % based	Optional (~\$150 if needed)
Total Annual Cost (10,000 tickets)	\$15,000 - \$50,000	Under \$500 in most cases

5. Investing in Your Own System Pays Off

You gain full control, scalability, and consistent savings by eliminating commission fees and relying on predictable costs.
